Are you basically a Conservative or a Progressive?

- 0 – 30: You are basically a Conservative.
- 31 – 50: You are somewhere in between and will be ostracized by Progressives.
- 51 – 80: You have strong Progressive tendencies; be careful what you wish for.
- 81 – 140: You are a committed Progressive and a danger to the American way of life.

The Progressive Movement's endgame is global socialism; a worldwide movement committed to the creation of a powerful world government that will control every aspect of life.

You have been warned about this potential danger since the founding of our country. Jefferson, Lincoln, Eisenhower, and Reagan specifically warned us about those who would try to destroy America, change it to their vision, for their greater wealth and/or power.

With little control over national or world politics, our only hope is local. Are you going to vote for those who support, consciously or unconsciously, this slide into socialism? Or are you going to vote for those who support the Constitution and Bill of Rights; support freedom and liberty?

The choice is yours.
